Platform and Resolutions of the Nevada.

CONTENTS AND RESOLUTIONS.

The Silver Party of Nevada in convention assembled at Carson City, on the 4th day of September, 1894, declare that platforms should assert cardinal principles of political faith concerning questions of political interest and present moment without equivocation or evasion. We hold that history has demonstrated that these principles are right and equitable and their observance necessary to secure the welfare and individual happiness for which this Government was established.

SILVER.

We deny the right or authority of the Government of the United States to pass any law restricting or abridging the privilege of a citizen to the free coinage of silver into standard money at the legal ratio of 16 to 1, independent of any other nation, and we demand the repeal of all laws denying or abridging that right.

We assert that any law denying or abridging the right of free coinage of gold and silver into standard money at the legal ratio of 16 to 1, independent of all other nations, is a denial of the sovereignty of the people of the United States as a nation and independent state, and law in restraint and a hindrance to production and commerce.

We assert that from 1861 to 1894 inclusive, a period of 33 years has passed, the Democratic party and the Republican party have made and administered the law of this nation; that period has been characterized by unbroken droughts, pestilence and beautiful productions from all our great natural resources and that our people have made unparalleled advances in wealth in every branch of manufacture and art; that the period has been one of general health and notwithstanding the civil war, a period of unparalleled prosperity from 1861 to 1873. In 1873 the Republican party passed laws in restraint of the coinage of money denying mintage to silver, the money was issued in the pocket of every citizen, and till every star. The decadence of silver has been steady gradual and unrelenting as the grip of the gold standard of money has closed around our industries and labor and the price of every production of labor, by forest, field, mine and manufacture, have fallen parallel with the decadence of silver, which today is worth less than 50 per cent of its standard coinage value at the legal ratio of 16 to 1.

Three millions of our people are without the comforts and necessities of life, every industry in our nation is restricted, pinched and

defeated by the demonization of silver, the great injury of every laborer, farmer and tradesman in the nation.

The volume of money in circulation should be speedily increased and always be fully adequate for the requirements of business. That all money should be a legal tender for debts both public and private. That no money should exist except such as issued directly by the National Government and nothing should be money but gold, silver and Government paper.

We favor the redemption of Government bonds and the prohibition of any further issue thereof a time of peace.

We demand the abolition of National banks.

We demand the collection of the indebtedness of the Pacific rail way companies to the United States at maturity without any extension of time or change of terms and conditions.

A public office is a public trust. No person or party should be trusted who has once violated that trust. Every citizen should contribute to the support of the Government in proportion to his means and in accordance with the necessity of good government, but no Government should augment this burden or enlarge its necessities by unnecessary needless interest bearing debts making us less expeditious, or by failing to promptly collect what is justly due to it, whether it be a loan, a tax or a tariff.

No grant should be made of public property for any other than a public purpose, and it is the duty of the Government to secure to the public the enjoyment of the benefit which was the consideration of the grant, or declare it forfeited.

We demand Government ownership of telegraph lines and Government subsidized railroads.

LABOR.

We demand that no law shall be enacted restricting or abridging the free use of our natural resources and we guarantee to the people freedom of pursuit and the inalienable right to enjoy the full value of all property that their labor produced. We hold it as one of the truths of human existence and modern progress and enterprise, that capital and labor should go hand in hand in the general advancement, happiness and good of this great commonwealth. Therefore we claim that capital and labor should stand on an equal footing before the law, and that the laborer should always receive a fair remuneration for a fair day's work. That both capital and labor have the legal and unquestionable right to organize for mutual protection and self preservation.

We believe that a national and State Board of Labor Commissioners should be created by law and made elective by the people, to whom all questions in dispute between capital and labor should be referred and that both parties concerned be compelled to arbitrate and that the decision of such Board of Labor Commissioners be final and binding alike on the employer and employee.

OBEDIENCE TO THE LAWS REQUIRED BY ALL.

We denounce the criminal suspension of the laws of Congress by the President, such as the purchasing clause of the Sherman Bullion Purchasing Act; the Geary Act, providing for the deportation of unregistered Chinese, when its constitutionality has been affirmed by the Supreme court, and his neglect and refusal to enforce the Anti Trust and Interstate Commerce Acts against wealthy offenders.

ELECTIVE FRANCHISE.

sale of Elective Franchise destructive of our liberties and treason to our Government. We demand the disfranchisement of both parties to the crime and the punishment of the prisoner by fine and imprisonment. The franchise once sold shall be gone forever.

LOTTERIES.

The establishment of a lottery in this State would be a blot upon the people and would result in financial and moral degradation. Therefore, in the language of our constitution, "No lottery ticket shall be authorized by this State, nor shall the sale of lottery tickets be allowed." We condemn on equal terms all lotteries in this State which have attempted to legislate or authorize lotteries or the sale of lottery tickets.

We are unalterably opposed to the ratification of the proposed amendment to Section I, Article II of the constitution of our State wherein it ignores all questions of amnesty to persons who after arriving at the age of eighteen years bear arms against the United States Government, for the reason that the same is un-American in spirit and contrary to the decency already extended to such persons for over thirty years, and we therefore recommend to the voters of the State to vote "No" on this proposition.

SCHOOLS.

We are justly proud of the public schools and State University of Nevada; we believe they should be fostered and protected above all other institutions, as upon them rests the perpetuity of the Government and the securities of our liberties. We are in favor of such legislation as will increase the efficiency and raise the standard of the public schools and State University, with thorough education, without expense, is placed within the reach of every child in Nevada.

We denounce as the strongest of the constitutional amendments that is proposed to the people of Nevada for the next vestment of school monies in other securities than U. S. Government or Nevada state bonds, and recommend to the electors of this state that the amendment referred to which provides among other things that our school monies may be invested in any other bonds than National and Nevada State be voted against and defeated, and our millions of school money saved from loss by an unsafe investment.

We look to the People's party of America as the only national party in existence today honestly in favor of any of the above principles and reforms, and we pledge it the hearty support and cooperation of the people of Nevada in its effort to maintain and carry out the same and the nominee of this convention for Congressman, in the event that he shall have a vote for the President of the United States as a member of the House of Representatives, is hereby pledged to vote for the nominee of the People's party unless otherwise instructed by the Silver Party of this State.

We demand the enforcement of the interstate Commerce Act everywhere.

We are in favor of an amendment to the Constitution of the United States providing for the election of United States Senators by a direct vote of the people of their respective States.

restriction of foreign immigration, and demand the exclusion of paupers and contract labor.

The able and efficient services of senators Stewart and Jones and Congressman Newlands in the Congress of the United States in behalf of all interests that promote the welfare of our people, are

worthy of the endorsement of patriotic citizen of our State.

Resolved: That as large

editors of the Nevada Appeal, Government of Nevada, the haughty and arrogant states and the continental states of the Old and Mississippi valleys equity and justice demands similar appropriations for public uses in the arid region, and that we call on the General Government or liberal appropriations for stocking and conserving at their source the waters of the streams and rivers of the arid region. This being done the reclamation of arid lands can be conducted by the State or by private enterprise.

Resolved: That the Silver Party of Ormsby County endorse each and every plank of the platform accepted by the Silver Party of Nevada in the State Convention held at Carson Sep. 4, 1894.

That it congratulates the voters and taxpayers of Ormsby county upon the faithful and efficient manner in which the nominees of 1892 have performed the duties of their respective offices, thereby enabling the Silver Party of Ormsby to keep every pledge made to the people of the county in its party platform prior to election.

Since the accession of the party to the management of county affairs there have been no official scandals and no investigations of G and Juries while the letting of fraudulent contracts in the interest of county officials has been wholly done away with.

Each department of the County Government has been honestly and economically managed, with an actual saving to the taxpayers of nearly \$10,000 per annum for the past two years.

Under these circumstances the Silver Party of Ormsby feel justified in again demanding the support of the voters and taxpayers of the county at the forthcoming election.

Resolved: That this party unqualifiedly indorses the action of Hon. John P. Jones in withdrawing from a party who, while professing to be the friend of Silver in its State platform, has persistently caused its Representatives in Congress to bow to the mandates of Wall Street.

This Convention denounces as illegitimate, insulting and inconsistent the demand for his resignation by the Republican State Central committee of Nevada, who by their illegal and impudent demands for the withdrawal from the Senate of the United States of the leading silver exponents of the World have torn aside the miserable mask of moral metal that has so long covered the face of the Republican party of Nevada.

Resolved: That should a vacancy occur in the office of the U. S. Senator from this State which would be necessary to fill at the next meeting of the Legislature, that we endorse the able and conscientious efforts of Senator Stewart and Congressman New

SURROUNDED BY MYSTERY!

A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, and will be seen by the accompanying cut. The little white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact; instead of treating the nerve centers for the cause of the disorders arising therefrom they treat the part affected.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises on the subject, long since realized the truth of the first statement, and his Restorative Nerve is prepared on that principle. Its success in curing all diseases arising from derangement of the nervous system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the remedy amply prove.

Dr. Miles' Restorative Nerve is a reliable remedy for all nervous diseases, such as headache, nervous debility, prostration, neurasthenia, of chronic, hysterical, sexual debility, St. Vitus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1 per bottle, six bottles for \$5, express prepaid.

Restorative Nerve positively contains no opiates or dangerous drugs.
